C774. CHDM 2019 – 2020 FINAL IDP REVIEW AND FINAL BUDGET 2019 – 2022 MTREF

Purpose:

To present to the Council for consideration and recommendation for adoption to Council the 2019-2020 CHDM's reviewed Integrated Development Plan (IDP) and 2019 -2021 Budget MTREF

Authority:

Council of the Chris Hani District Municipality

Legislative Framework:

Constitution of the Republic of South Africa

Local Government: Municipal Structures Act

Local Government: Municipal Systems Act

Local Government: Municipal Finance Management Act and Regulations

Municipal Planning and Performance Management Regulations

Background:

On 29th August 2018, Chris Hani District Municipality adopted the IDP Framework and IDP/Budget/PMS Process Plan. The purpose of the adoption was to outline a process by which the 2019-2020 IDP would be reviewed. This was to be a first review of the "fourth" 2017-2022 Integrated Development Plan (IDP) for the Municipality for the period 2019 - 2020.

THROUGH OUR PEOPLE

The IDP is developed in accordance with the requirements set out in the Municipal Systems Act (32 of 2000) and the Municipal Planning and Performance Management Regulations (2001).

The Municipal Systems Act 32 of 2000 reflects that the IDP must be developed and reviewed annually together with the Municipality's Performance Measurement System. This means that the development and review of the IDP has to go hand-in-hand with the implementation of a Performance Management System and the Budget Cycle.

Section 23 (1) of the Local Government: Municipal Systems Act requires that Municipal Planning be developmentally oriented, which means that it must strive to achieve objects of local government as set out in section 152 of the Constitution. This, further, gives effect to the Municipality's developmental duties as required by section 153 of the Constitution.

Chapter 5 (five) of the Municipal Systems Act (Act 32 of 2000) describes the IDP as a single, inclusive and strategic plan for the development of a municipality that will be the principal strategic planning instrument which guides and informs all planning and development, and all decisions with regard to planning, management and development in the municipality.

Municipal Finance Management Act 56 of 2003 Section 16 prescribes that the Council of a Municipality must for each financial year approve an Annual Budget for the municipality before the start of the financial year.

The final budget brought to the attention of the Mayoral Committee, recognises the funding streams of Council that have remained the same as in the previous budget years being mainly service charges for water and sanitation services and grant funding from both National Treasury and Provincial State Departments. Other revenue in addition to above is interest on investments and outstanding debtors, and sundry revenue.

CHRIS HANI
DISTRICT MUNICIPALITY
SUSTAINING GROWTH
THROUGH OUR PEOPLE

The expenditure of the municipality is as a result of employee related costs, councillors allowances, expenditure on operating and capital grants, transfers and grants to the municipal entity, funding for SMME's, Contracted Services, Debt Impairment, Depreciation on Property Plant and Equipment and other expenditure that includes general expenses, IDP programmes and repairs and maintenance.

Exposition of Facts:

The IDP is developed and later reviewed annually in order to:

- a) Ensure its relevance as the Municipality's Strategic Plan;
- b) Inform other components of the Municipal business processes including institutional and financial planning/ budgeting; and
- c) Inform the cyclical inter-governmental planning and budgeting cycle.

For the IDP to remain relevant, the Municipality must assess its past performance and achievement of its targets [strategic objectives]. In the light of this assessment, the IDP is reviewed to reflect the impact of its success as well as corrective measures to address challenges. The IDP will also be reviewed in the light of changing internal and external circumstances that impact on the priority issues, objectives, strategies, projects and programmes of IDP.

Simultaneous to the IDP development and review process, the Municipal Finance Management Act requires the Executive Mayor, duly assisted by the Accounting Officer, to lead the budget drafting processes for a particular financial year.

It provides that at least 10 (ten) months before the start of the budget year, a schedule of key deadlines must be tabled in the municipal council. Section 16 of the Local Government Municipal Finance Management Act (MFMA) prescribes that the council of a municipality must for each financial year

approve an annual budget for the municipality before the start of the financial year.

Chris Hani District Municipality as earlier mentioned prepared an IDP/Budget/PMS process plan which was adopted by Council by 29th August 2018, and this Process Plan action programme for the 2019/2020 to 2020/2021 Medium Term Revenue and Expenditure Framework (MTREF). The process culminates into the budget for the financial year 2019-2020 which is addressing the matters as lifted and reflected on IDP Review of 2019-2020 financial years. Chapter 6 of this 2019-2020 CHDM IDP Review covers a detailed financial plan for the municipality unto which the programmes and challenges will be addressed.

The final budget for 2019/2020 MTREF period, started with a process of considering the issues that were raised in the strategic sessions for previous years that influenced the current IDP, taking into account allowable increases (parameters) of 5,2 %, 5,4 % and 5,4 % for the two outer years as determined by National Treasury in MFMA Circular 94 dated 08 March 2019.

The salaries budget recognises current salary levels and potential increases for cost of living and general annual increase that will be effected in July 2019.

All Directorates were requested to provide further input to the operational budget based on their needs and also taking into account the constraints presented by the limited revenue sources.

Provincial allocations (including agency functions) made/expected to the district were confirmed for current and outer budget years.

No budget provision has been made in instances where current/outer year allocations were not confirmed by the provincial government departments.

CHRIS HANI
DISTRICT MUNICIPALITY

THROUGH OUR PEOPLE

The budget of the Chris Hani Development Agency for the current financial year has been presented to Council for approval and as such the previous financial year's allocation has been revised.

The final budget, proposes a tariff increase by 5.2 % in all revenue streams. The tariff study is currently underway and its outcomes will be communicated to Council before implementation. The proposed tariff increases are attached as an annexure to the executive summary.

The outcome of the final budget process was a non cash deficit of R 338.8 million, when taking into account both capital and operating expenditure, a decrease compared to the current year deficit. The non-cash deficit is influenced by depreciation on assets and debt impairment. When compared to the third adjustment budget the deficit has decreased by R 20.4 million or 5,6%.

The capital programmes funded from capital grants were budgeted to the extent of funds allocated by National government and R 95 million from municipal reserves.

The deficit budget should be closely monitored by the municipality to ensure a decrease and ultimately a fully funded budget, as a deficit budget might have a negative impact on infrastructure improvements, as depreciation that is not supported by funded reserves might negatively affect infrastructure replacements.

The table above reflects a budgeted deficit of R 336.6 million, a decrease of R 20,4 million or 5,7 % when compared to the third adjustment budget and a decrease of R 18,6 million or 5.8 % when compared to the final approved budget for 2018/19 financial year. The deficit is however increasing in 2020/21 to R 339 million and decreasing in 2021/2022 to R 316.3 million.

The municipality is relying on the outcome of the tariff study for the review of tariffs to address the deficit and the completeness of billing upon finalisation of the data cleansing programmes.

PROPOSED FINAL BUDGET 2019/2020 MTREF:-

The following tables (table 2 to 7) illustrate the anticipated proposed revenue and expenditure streams for the MTREF:-

Grants and Subsidies represent the combination of all grants and subsidies utilised to fund the operating budget including provincial agency grants.

This also includes the Equitable Share, Finance Management Grant (FMG), and allowable portion of the MIG to fund the Project Management Unit (PMU), etc.

Investment revenue comprises anticipated interest on surplus funds invested that are not immediately required for service delivery. Service charges is estimated water and sanitation revenue from the WSAWSP function undertaken by the District municipality.

Other revenue comprises the anticipated sundry income such as administration fees on salary deductions, sale of tender documents etc.

The above table reflects an overall decrease of R 5,3 million or 0,6 % in operating revenue when compared with the third adjustment budget or an increase of R 10.7 million or 1.1 % when compared with the approved budget for 2018/19 financial year.

The decrease mainly resulted from the decrease in Transfers recognised-operational that was influenced by a decrease in operational grants.

The following revenue sources had increased when compared to the third adjustment budget:-

Service Charges Water – (R 8.9 million) or 5 %;

Service Charges Sanitation – (R 2.7 million) or 5 %;

Interest on investments – (R 1.6 million) or 5 %;

Interest on outstanding debtors – (R 1.6 million) or 5 %; and

The following revenue sources had decreased when compared to the third adjustment budget:

Transfers and Subsidies – (R 20.6 million) or 3 %.

The increases above are in line with CPI as suggested in MFMA Circular 94 of increases between 5.2 and 5.4 percent and the decrease in transfers and grants emanates from the reduced operating grants allocations.

The table above reflects an overall decrease of R 27.4 million or 2 % when comparing the proposed budget with the third adjustment budget and an increase of R 27 million or 2.2 % when comparing the proposed budget with the approved budget for 2018/19 financial year. The decrease was mainly influenced by the decrease in transfers and grants and general expenses.

The following expenditure types had increased when compared to the third adjustment budget:-

Employee related costs – (R 29.0 million) or 9 %;

Councillors Allowances - (R 1.1 million) or 8 %; and

Contracted Services – (R 1.9 million) or 1 %.

The following expenditure types had decreased when compared to the third adjustment budget:-

Transfers and Grants – (R 22,3 million) or 23 %; and

Other Expenditure – (R 37,1 million) or 11 %.

All the increases made in expenditure were within the CPI of 5.2 to 5.4 percent and also the 9.4% of the Local Government Bargaining Council and the decreases were mainly influenced by current year and previous years performance which was also affected by available funds and cost containment measures that have been put in place.

The table above reflects 25 % decrease in EPWP grant funding for 2019/20 budget year when compared with 2018/19 budget year. The decrease was influenced by the national decrease in all grants as a result of a decrease in the National fiscus. There is no reflection of allocations in the two outer years as this grants is not guaranteed in the outer years. A contribution of R 5 million has been made to EPWP programmes from Council internal funds.

The above table reflects an increase in equitable share funded programmes by 18 %, when comparing the proposed budget with the third adjustment budget. The increase was influenced by the need to improve on service delivery and also justified by the annual increase in the grant funding.

MIG, RBIG, WSIG are conditional grants allocated per the DORA to specified approved projects.

The 26.8 % overall decrease in capital grant funding is a result of decreases in the following grants:

RBIG (R 86.1 million) or 44.9 %; and

WSIG (R 65 million) or 43.5 %.

The MIG has however increased by R 4.4 million or 1.8 % and the decreases in infrastructure grants will have a negative impact on running project.

The internal reserves are however reflecting an increase in 2019/20 budget year and 2020/21, though there is a decline in the last outer year as it is anticipated that the municipality would have completed the two first phases of CHDM Village.

Other parties consulted:

All departments within Chris Hani District Municipality.

CHDM Management

LM's IDP/Strategic Managers

COGTA-EC

Eastern Cape Department of Treasury and National Treasury

Budget steering Committee

Financial implications:

Increase in uncollectable consumer service debtors, thus increasing the provision for debt impairment;

Decrease in grant funding, thus decreasing projects funded from conditional grants and internal programmes;

The budget deficit that is limited to non-cash items and assets that are funded from municipal reserves.

Other Implications:

The funding and balancing of the budget to ensure decrease in the budgeted deficit.

Resolutions:

It was resolved that:

- 1) Council **note** and **adopt** the CHDM 2019-2020 Final IDP Review;
- 2) Council **approve** the final budget for 2019/2020 MTREF.
- 3) Council **consider** the final operating and capital budget for 2019/2020 to 2021/2022 MTREF for **approval** as reflected in table A1;
- 4) The operating expenditure of R 1,252 billion and operating revenue of R 948,2 million be **approved** by Council as reflected in Table A4;
- 5) The capital expenditure of R 519.6 million and capital revenue of R 424,1 million be **approved** by Council as reflected in Table A5;
- 6) Council **approve** the municipality's annual budget appropriated by municipal votes for single and multi-year as reflected in Table A2, A3 and A5A;
- 7) Council **approve** the 5.2 % tariff increase for water, sanitation and municipal health tariffs; and
- 8) Council **approve** and **confirm** the debt and credit control policy, tariff policy, cash and bank Policy, Asset Management Policy, Inventory Management Policy and Budget Policy as there are no amendments required.
